Grants Awarded

We are truly thankful for our latest grant awards from **WCA Foundation, Unity Cooperative Council** and **Otto Bremer Foundation**. This allows us to continue to move forward with our mission and to work towards our goals. We will use the grants to increase our staff hours giving our clients more accessible hours to get their needs met, build a resource database and continue to build sisterhood through activities in the community.

Success Story

Tina and her 3 children came to us seeking help in November of 2012

Tina and her 3 children came to us seeking help in November of 2012. She was in the 8th month of her pregnancy with her fourth child & because of this, one job ended & she went on maternity leave from her other job. Due to the loss of income, Tina & her family were not able to pay rent & had to move out of their home, leaving them without a place to live.

While living at the SNAP House Tina worked closely with staff to find housing for her family as well as seeking other employment. However, due to a past legal circumstance she was struggling to meet her goals. With the support of SNAP she was able to overcome this obstacle & has since gained employment that she otherwise would not have been able to acquire. With this added income Tina was then able to get housing & provide a stable environment for her children. The family moved into their new 3 bedroom home in Burnsville, March 2013.
